INTRODUCTION TO CHEMISTRY II  
CHEMISTRY 104

Professor: Dr. Stacy Brown  
Office: Byrd Hall, Room 403  
Research Lab: Byrd Hall, Room 313  
Contact information: stacy.brown@citadel.edu  
953-7791

OFFICE HOURS:  
Monday, Wednesday: 9-9:50AM  
Monday: 2-2:50PM  
Thursday: 9-10:50AM  
Other times can be arranged by appointment.

TESTING/GRADING:  
Exams (4 @ 300 pts. each): 1200 pts. 2000-1790 = “A”  
Final exam: 500 pts. 1789-1590 = “B”  
Quizzes (3 @ 50 pts. each): 150 pts. 1589-1390 = “C”  
Homework (3 @ 50 pts. each): 150 pts. 1389-1190 = “D”  
___________ below 1190 = “F”  
2000 total points

The exams will be a combination of multiple choice and short answer questions. They will be given during the regular class meeting and are designed to be completed within the time frame of one class period. There will be 5 exams during the semester, the lowest of which will be dropped during the calculation of the grade (if all 5 exams are taken). There are 5 homework assignments during the semester. Homework assignments will be accepted after the designated due date with a penalty of 20% for each day late. Quiz material is attached to this syllabus; there are 3 quizzes throughout the course of the semester. The final exam is comprehensive.

ABSENCES AND TARDINESS:  
Attendance at each class is mandatory and will be taken daily with the use of a sign-in sheet. A seating chart will also be implemented to reduce desk graffiti. Students who enter class after the roll has been taken must report their late arrival to the professor after class. Those who fail to do this on the day the late arrival occurred will be reported as absent. If you arrive more than 15 minutes late to class, you will be officially absent. If an absence cannot be avoided, the student should notify the professor in advance, but the student will be responsible for the material he or she has missed. Remember – orders and leave may excuse you from attending class, but not from class work. If your absence will fall on a test or quiz date, it is imperative that you arrange to take the test in advance (except for emergency leave). According to Citadel policy, the absolute maximum number of absences allowed is 20% of the total class meetings; exceeding this limit may result in a failing grade and dismissal from the class (and also from the corequisite lab). If an absence occurs on an Exam date, this will not count against that student's final grade if the remaining 4 exams are taken. Missing more than 1 exam will result in a grade of zero being assigned for one exam. NO MAKE-UP EXAMS WILL BE GIVEN!

WEBCT RESOURCES:  
CHEM 104 information can be accessed via WebCT. You can get to WebCT from The Citadel home page. For your first log-in to WebCT, your log-in name will be the numerical digits from your Citadel i.d. #, and your password will be the last 4 digits of your social security number. After one successful log-in, you will be allowed to change this information. The WebCT component of this course contains the syllabus, calendar, quiz material sheets, homeworks, class notes, and a personal gradebook. Because of the password protected nature of WebCT, the
privacy of your grades will be protected. If you have difficulty accessing WebCT, please contact your instructor.

**FOOD AND DRINK:**

Water may be brought into class, but other types of food and beverages are not permitted in Byrd Hall.

**CALCULATOR USE:**

Each student is expected to provide his or her own calculator for tests and quizzes. You must not lend or borrow a calculator while such activities are in progress. A PDA is not an acceptable substitute for a calculator. PDAs are not allowed in class during tests or quizzes.

**REVIEW QUESTIONS:**

The end of each chapter has a set of review questions that may be helpful to you in preparing for each exam. Each chapter also has self-help tests and matching sets throughout that will help you in studying. Below is a list of review problems from each chapter. Although these questions are not collected for a grade, completing them and the matching sets and self-help tests will be beneficial in exam preparation. Some of these problems and questions will appear on the exams.

**Chapter 9**
#2-4, 6-8, 10-20, 22, 24, 26, 28, 29, 32, 35, 36

**Chapter 10**
#3-8, 11-13, 20-23, 26, 29, 32, 35, 41, 43

**Chapter 11**
#1-9, 11, 14-20, 23, 24, 26, 29-31, 35, 38, 39, 43, 46, 47, 51-53

**Chapter 12**
#1, 3-11, 15, 18, 24, 27, 29, 31, 32

**Chapter 13**
#2, 4, 8, 10-12, 14, 18, 22-24, 26, 27, 32, 33, 35-37, 41

**Chapter 15**
#1, 2, 7, 16, 17, 20, 22, 25, 26, 32

**Chapter 16**
#10, 11, 17, 22, 24, 29-34

**Chapter 17**
#3, 9, 14, 28, 37, 39, 41
